Item 7.01 Regulation FD Disclosure.

Office Depot, Inc. (the "Company") provides on its web site certain financial information prepared under U.S. Generally Accepted Accounting Principles ("GAAP") reconciled to non-GAAP financial measures. One such measure is Earnings Before Income and Taxes ("EBIT"). As required by SEC interpretations, our reconciliation begins with net income as presented in the statement of operations under GAAP (Earnings (loss) attributable to the Company) and adds interest and taxes. As a point of clarification for financial statement users, the same amount of EBIT can be derived by adding "Operating profit (loss)" and "Miscellaneous income (expense), net" from the statement of operations. The non-GAAP reconciliations also adjusts for charges or credits recognized during the period to compute Adjusted EBIT. The same methodology for calculating EBIT was used for the full-year 2011 Adjusted EBIT projection provided during the second quarter 2011 earnings webcast held on July 26, 2011.

This Form 8-K is being furnished solely to satisfy the requirements of Regulation FD in light of the disclosure. The furnishing of the information in this Item 7.01 is not intended to, and does not, constitute a representation that such furnishing is required by Regulation FD or that the information in this Item 7.01 is material information that is not otherwise publicly available.
