#### Item 2.02 Results of Operations and Financial Condition.

On March 14, 2005, we issued an earnings release announcing our fourth quarter and full year 2004 financial results, a copy of which is attached as Exhibit 99.1. Additionally, executive management will discuss our fourth quarter and full year 2004 financial results during a webcast and conference call to be held today, March 14, at 11:00 a.m. eastern time. To access the webcast or conference call, please go to our website at http://investor.officemax.com and select the March 14, 2005 conference call link.

We present our consolidated financial statements in accordance with generally accepted accounting principles (GAAP). To supplement the GAAP presentations, we also present the results of our operations before special gains and losses. For example, in the attached press release, we present results that exclude items such as a pretax charge for a writedown of impaired assets; a pretax gain on the sale of our paper, forest products and timberland assets; and costs related to early retirement of debt and other special items. We believe our presentation of results before these special items provides useful information to both investors and management by excluding gains and losses that are not indicative of our core operating results.

We have reconciled the non-GAAP financial measures to our reported financial performance in the financial notes that accompany our press release.

### OFFICEMAX ANNOUNCES FOURTH-QUARTER AND FULL-YEAR 2004 FINANCIAL RESULTS

ITASCA, Ill., March 14, 2005 – OfficeMax<sup>®</sup> Incorporated (NYSE: OMX) today reported fourth-quarter 2004 net income of \$.7 million, or a loss of \$.02 per diluted share. Before the net impact of the sale of its paper, forest products, and timberland assets, and related financings, OfficeMax reported for the fourth quarter of 2004 a net loss of \$24.2 million, or \$.30 per diluted share. By comparison, in the fourth quarter of 2003, OfficeMax reported net income of \$6.9 million, or \$.05 per diluted share and, before special items, net income of \$15.9 million, or \$.18 per share. For full-year 2004, OfficeMax reported net income of \$173.1 million, or \$1.77 per diluted share. Before special items and the net impact of the paper, forest products, and timberland asset sale, and related financings, OfficeMax reported 2004 net income of \$83.2 million, or \$.79 per diluted share. By comparison, in 2003, OfficeMax reported net income of \$8.3 million or a net loss of \$.08 per diluted share and, before special items, net income of \$29.3 million, or \$.27 per diluted share.

Sales in the fourth quarter of 2004 were \$2.7 billion, an increase of 14% from the fourth quarter of 2003. Sales for full-year 2004 were \$13.3 billion, an increase of 61% from 2003. The sales increase in the fourth quarter was mostly due to the acquisition of OfficeMax, Inc. in December 2003 as well as strong same-location growth for our OfficeMax Contract segment. The sales increase for the full-year 2004 was mostly due to the acquisition of OfficeMax, Inc. as well as strong sales in our OfficeMax Contract and Boise Building Solutions segments.

#### **Asset Sale**

On October 29, 2004, we completed the sale of our paper, forest products, and timberland assets for approximately \$3.7 billion and recorded a \$280.6 million pre-tax gain. Related costs offsetting the gain included a loss from the write-down of discontinued operations (\$67.8 million), timber notes securitization expense (\$19.0 million), debt retirement expense (\$137.1 million), and other expense (\$15.9 million). A reconciliation of the net impact of this asset sale and related financings on fourth quarter 2004 is presented below and included in the notes to our consolidated financial statements.

doubled the year-earlier level. The sales increases for both the fourth quarter and full-year of 2004 were primarily driven by the acquisition of the retail business, OfficeMax, Inc., in December 2003 as well as strong same-location sales growth in our Contract segment.

For the fourth quarter of 2004, the combined OfficeMax Contract and Retail segments reported operating income of \$2.9 million, compared to \$40.0 million in the fourth quarter of 2003 and \$58.2 million, after a restatement, in third quarter 2004. For full-year 2004, combined Contract and Retail segments reported operating income of \$129.7 million, compared to \$124.7 million in 2003 before a special item.

## OfficeMax Contract Segment (\$ in millions)

	 4Q 2004	 4Q 2003	 3Q 2004	 Full- 2004	Year	2003
Sales	\$ 1,116.3	\$ 964.7	\$ 1,096.2	\$ 4,370.7	\$	3,741.9
Operating income	\$ 19.8	\$ 33.9	\$ 31.4	\$ 107.0	\$	109.4
Operating income before special item	\$ 19.8	\$ 33.9	\$ 31.4	\$ 107.0	\$	118.6

Sales for OfficeMax Contract were \$1.1 billion in the fourth quarter of 2004, an increase of 16% from the fourth quarter of 2003 and an increase of 2% from the third quarter of 2004. Year-over-year same-location sales in the fourth quarter increased 9%. Sales for the full-year of 2004 were \$4.4 billion, an increase of 17% from 2003.

OfficeMax Contract reported operating income of \$19.8 million for the fourth quarter of 2004, compared with \$33.9 million in the fourth quarter of 2003 and \$31.4 million in the third quarter of 2004. For full-year 2004, OfficeMax Contract reported operating income of \$107.0 million, compared with \$118.6 million in 2003 before a special item.

Operating margin for the Contract segment was 1.8% in the fourth quarter of 2004, down from 3.5% in the fourth quarter of 2003, and 2.9% in thirdquarter 2004. Operating margin for the full-year 2004 was 2.4%, compared with 3.2% in 2003 before a special item.

The OfficeMax Contract segment reported operating income declined in the fourth quarter and for the full-year 2004 compared to the same periods in the prior year despite strong sales growth. The relatively weak profitability was due primarily to losses in the former OfficeMax Direct business acquired with the operations of OfficeMax, Inc. in December 2003. The former OfficeMax Direct business included field salespeople, catalogs and a public Internet site, which were added to our Reliable catalog business. OfficeMax Contract profitability was also negatively impacted by the phasing in of new account growth, lags in passing through rising paper costs and weaker-than-expected Canadian operations.

	OfficeMax Retail Segment (\$ in millions)								
	 4Q 2004		4Q 2003		3Q 2004		Full- 2004	Year	2003
Sales	\$ 1,155.2	\$	283.2	\$	1,138.5	\$	4,481.3	\$	283.2
Operating income (loss)	\$ (16.9)	\$	6.1	\$	26.8	\$	22.7	\$	6.1

Sales for OfficeMax Retail were \$1.2 billion in the fourth quarter of 2004, compared with sales of \$283.2 million for the 17 days in December 2003 that we owned OfficeMax, Inc. Year-over-year same-location sales in the fourth quarter increased .4%. Fourth quarter OfficeMax Retail sales were up \$16.7 million from the third quarter of 2004. Full-year 2004 sales were \$4.5 billion.

For the fourth quarter of 2004, OfficeMax Retail reported an operating loss of \$16.9 million, compared with operating income of \$6.1 million in the fourth quarter of 2003 and \$26.8 million, after a restatement, in the third quarter of 2004. For full-year 2004, OfficeMax Retail reported operating income of \$22.6 million, compared with \$6.1 million in 2003.

The fourth quarter 2004 operating margin for the Retail segment was (1.5%), compared with 2.2% in the fourth quarter of 2003 and 2.4% in the third quarter of 2004, after a restatement. For the full year 2004, operating margin was 0.5%, compared with 2.2% in 2003.

OfficeMax Retail's low level of profitability in 2004 was due to weaker-than-expected sales, especially during the important back-to-school and holiday periods, which led to reduced margin dollars, lower vendor income, and a higher expense ratio as a percentage of sales. OfficeMax Retail's profitability was also negatively impacted by greater promotional sales at low or no profitability.

# **Other Segments**

Boise Building Solutions and Boise Paper Solutions operated until the businesses they represent were sold in October 2004. Boise Building Solutions reported operating income of \$6.3 million for the fourth quarter of 2004 and \$319.2 million for the full year 2004. Boise Paper Solutions recorded an operating loss of \$8.8 million in the fourth quarter of 2004 and operating income of \$38.8 million for the full year 2004.

#### **Share Repurchases**

OfficeMax intends to proceed with its previously announced share repurchases of between \$775 and \$815 million of

4

common shares. The company intends to announce the form and timing of the repurchase at the end of March 2005.

# Webcast and Conference Call

OfficeMax will host a webcast and conference call to discuss the results on Monday, March 14, 2005, at 11:00 a.m. (ET). An audio webcast of the conference call, and accompanying slides, can be accessed via the Internet by visiting the Investors section of the OfficeMax website at http://investor.officemax.com and selecting the March 14, 2005 conference call link. To join the conference call, dial (800) 374-0165 — international callers should dial (706) 634-0995 — 10 minutes before the beginning of the call. Slides will be posted to the Investors site 30 minutes prior to the start of the conference. An archive of the webcast and accompanying slides will be available online for one year following the call and will be posted on the "Presentations" page located within the Investors section of the OfficeMax website.

#### **Forward-Looking Statements**

This press release contains forward-looking statements which reflect management's current views of future plans and events, These statements involve inherent risks and uncertainties that could cause actual results to differ materially from those projected. Our industry is highly competitive, and our business results are subject to risks and uncertainties both within and outside our control. Some of the factors that could cause our actual results to differ from the expectations expressed in this release include: general economic conditions, particularly levels of unemployment; the actions of our competitors, some of whom have greater financial resources than do we; the outcome of several lawsuits that have been filed or threatened by shareholders in response to our recent investigation of vendor income accounting; and our ability to attract and retain key personnel, including a chief executive officer and chief financial officer. Our financial results are subject to significant variations because of these and other factors. As a result, our stock price is also subject to significant fluctuations. For further information about the factors that may cause actual results to differ from the expectations in this release, please review the filings we make with the Securities and Exchange Commission. Forward-looking statements speak only as of the date of this release, and you should not rely on them as representing our performance expectations on any subsequent date. We undertake no obligation to update the forward-looking statements in this release in light of new information.

# NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## (1) Financial Information

The Consolidated Statements of Income and Segment Information are unaudited statements, which do not include all Notes to Consolidated Financial Statements, and should be read in conjunction with the company's 2004 Annual Report on Form 10-K. In all periods presented, net income involved

estimates and accruals.

As previously announced, along with our 2004 Annual Report on Form 10-K, the company intends to file amended Quarterly Reports on Form 10-Q for the first three quarters of 2004. We have amended our Quarterly Reports on Form 10-Q for the first three quarters of 2004 because we determined that certain rebates and other payments from vendors in 2004 were not recorded in the appropriate accounting periods. As a result, operating income was overstated by \$7.1 million in the first quarter of 2004 and was understated by \$1.1 million and \$1.7 million in the second and third quarters of 2004, respectively.

## (2) Reconciliation of Net Income and Diluted Income (Loss) Per Share Before Special Items and the Cumulative Effect of Accounting Changes

We evaluate our results of operations both before and after special gains and losses. We believe our presentation of financial measures before special items enhances our investors' overall understanding of our recurring operational performance. Specifically, we believe the results before special items provide useful information to both investors and management by excluding gains and losses that are not indicative of our core operating results.

In the following tables, we reconcile our financial measures before special items and the cumulative effect of accounting changes to our reported financial results for the three months ended December 31, 2004 and 2003, and the years ended December 31, 2004 and 2003 (see Notes 3-7). There were no special items during the three months ended September 30, 2004.

# (3) Sale of Paper, Forest Products and Timberland Assets

On October 29, 2004, we completed the sale of our paper, forest products and timberland assets for approximately \$3.7 billion to affiliates of Boise Cascade, L.L.C., a new company formed by Madison Dearborn Partners LLC. Some assets, such as a wood-polymer building materials facility that is in a start-up phase, and company-owned life insurance, are being retained by OfficeMax, as are some liabilities associated with retiree pension and benefits, litigation, environmental remediation at selected sites and facilities previously closed. The sold assets are included in our Boise Building Solutions and Boise Paper Solutions segments.

In connection with the sale, we recorded a \$280.6 million pre-tax gain in our Corporate and Other segment in our Consolidated Statement of Income. On October 29, 2004, we invested \$175 million in the securities of affiliates of Boise Cascade, L.L.C. This investment represents continuing involvement as defined in Statement of Financial Accounting Standards (SFAS) No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. Accordingly, we do not show the historical results of the sold paper, forest products and timberland assets as discontinued operations. We realized net cash proceeds of approximately \$3.5 billion from the sale, after allowing for the \$175 million reinvestment and transaction-related settlements. The consideration for the timberlands portion of the transaction included \$1.635 billion of timber installment notes and \$15 million of cash. We monetized the timber installment notes in December for proceeds of \$1.47 billion, which is included in the \$3.5 billion of total net transaction proceeds noted above. In October 2004, OfficeMax and one of its subsidiaries each entered into interest rate swap contracts with J. Aron & Company, an affiliate of Goldman, Sachs & Co. to hedge the interest rate risk associated with the issuance of debt securities related to the timberland installment notes. In December 2004, the contracts were cash-settled, and we recorded \$19.0 million of expense in "Timber notes securitization" in the Statement of Income for the three and twelve months ended December 31, 2004.

During the fourth quarter of 2004, we repaid \$1.8 billion of debt and expensed \$137.1 million of costs related to early retirement of debt. For more information about the sale, see our 2004 Annual Report on Form 10-K.

#### (4) Acquisition of OfficeMax, Inc.

On December 9, 2003, we acquired OfficeMax, Inc. We acquired 100% of the voting equity interest. The results of OfficeMax operations after December 9, 2003, are included in our OfficeMax, Contract and OfficeMax, Retail segments. For more information about the acquisition, see our 2004 Annual Report on Form 10-K.

#### (5) 2004 Special Items

First Quarter

On March 31, 2004, we sold approximately 79,000 acres of timberland located in western Louisiana for \$84 million. We recorded a \$59.9 million gain in "Other income (expense)" in our Boise Paper Solutions segment. This item increased net income \$36.6 million after taxes for the year ended December 31, 2004.

#### Second Quarter

In May 2004, we sold our 47% interest in Voyageur Panel to Ainsworth Lumber Co. Ltd. for \$91.2 million of cash. We recorded a \$46.5 million gain in "Other income (expense)" in our Boise Building Solutions segment. This item increased net income \$28.4 million after taxes for the year ended December 31, 2004.

Prior to the sale, we accounted for the joint venture under the equity method. Accordingly, segment results do not include the joint venture's sales but do include \$4.3 million of equity in earnings during the three months ended December 31, 2003. The years ended December 31, 2004 and 2003, include \$6.3 million and \$8.7 million of equity in earnings.

Fourth Quarter

In December 2004, our board of directors authorized management to pursue the divestiture of our facility near Elma, Washington, that manufactures integrated wood-polymer building materials. The board of directors and management concluded that the facility no longer fits with the company's strategic direction. We recorded the results of the facility's operations as discontinued operations in our Statements of Income (Loss) for the three and twelve months ended December 31, 2004. We tested the recoverability of the long-lived assets in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, and recorded a \$67.8 million pretax charge for the write-down of impaired assets. We also recorded \$26.4 million of tax benefits associated with the write-down. The write-down resulted from our review of estimated discounted future cash flows.

In fourth quarter 2004, we recorded \$15.9 million of expense in our Corporate and Other segment for one-time benefit costs granted to employees.

See Note 3 above for a discussion of the sale of our paper, forest products and timberland assets and its impact on the three and twelve months ended December 31, 2004.

#### (6) 2003 Special Items

#### First Quarter

In first quarter 2003, we announced the termination of approximately 550 employees and recorded a pretax charge of \$10.1 million for employeerelated costs in "Other (income) expense, net." We recorded these costs in accordance with the provisions of SFAS No. 112, Employers' Accounting for Postemployment Benefits. We recorded \$9.2 million in the OfficeMax, Contract segment; \$0.2 million in the Boise Paper Solutions segment; and \$0.7 million in our Corporate and Other segment. Employee-related costs are primarily for severance payments, most of which were paid in 2003 with the remainder paid in 2004. This item decreased our net income \$6.1 million for the year ended December 31, 2003.

Second Quarter

None.

### Third Quarter

During third quarter 2003, we recorded a net \$2.9 million gain, which included a one-time tax benefit related to a favorable tax ruling, net of changes in other tax items.

#### Fourth Quarter

In December 2003, we recorded a \$14.7 million pretax charge for the write-down of impaired assets at our plywood and lumber operations in Yakima, Washington. We also recorded \$5.7 million of tax benefits associated with the write-down. The write-down resulted from our internal review of the operations and indications of current market value. We recorded the write-down in our Boise Building Solutions segment in "Other (income) expense, net," and the tax benefits are included in "Income tax (provision) benefit" in the Consolidated Statements of Income for the three and 12 months ended December 31, 2003. This special item decreased net income \$9.0 million, after taxes, for the three and twelve months ended December 31, 2003.

#### (7) Cumulative Effect of Accounting Changes

Effective January 1, 2003, we adopted the provisions of SFAS No. 143, Accounting for Asset Retirement Obligations, which affects the way we account for landfill closure costs. This statement requires us to record an asset and a liability (discounted) for the estimated closure and closed-site monitoring costs and to depreciate the asset over the landfill's expected useful life. Previously, we accrued for the closure costs over the life of the landfill and expensed monitoring costs as incurred.

Effective January 1, 2003, we recorded a one-time after-tax charge of \$4.1 million, or 7 cents per share, as a cumulative-effect adjustment for the difference between the amounts recognized in our consolidated financial statements prior to the adoption of this statement and the amount recognized after adopting the provisions of SFAS No. 143.

Effective January 1, 2003, we adopted an accounting change for vendor allowances to comply with the guidelines issued by the Financial Accounting Standards Board's Emerging Issues Task Force EITF 02-16, Accounting by a Customer (Including a Reseller) for Certain Consideration Received From a Vendor. Under the new guidance, vendor allowances reside in inventory with the product and are recognized when the product is sold, changing the timing of our recognition of these items. This change resulted in a one-time, noncash, cumulative-effect adjustment of \$4.7 million, or 8 cents per share.

#### (8) Income Taxes

Our estimated effective tax provision rate for the year ended December 31, 2004, was 37.5%, compared with an effective tax provision rate of 28.1% for the year ended December 31, 2003. Before the special items discussed in Notes 3, 5 and 6 above, our estimated tax provision rate for the years ended December 31, 2004 and 2003, was 35.7%.

#### (9) Net Income (Loss) Per Common Share

Net income (loss) per common share was determined by dividing net income (loss), as adjusted, by weighted average shares outstanding. For the three months ended December 31, 2004, and the year ended December 31, 2003, the computation of diluted income (loss) per share was antidilutive; therefore, amounts reported for basic and diluted income (loss) were the same.
